

McDougall Early Years

The Early Years Program at McDougall School is a free service open to all parents, grandparents and caregivers. At this centre we provide healthy snacks, activities for children, daily circles, parenting workshops & resources, friendly conversation and much more. The program is designed for children 0-6 years and adults bringing the children must stay during their visit. We encourage all caregivers to call or stop in for a visit; we would love to meet you and your child.

For more information you can call the Early Years Facilitator, Melissa McKeown at 746-9522, ext 233
